

HDTV-Cable Receiver with CI+ Interface

HD AXC 501 CI+

- Digital Cable TV incl. HDTV
- Full HD Chipset 1080p
- CI+-Interface for Pay-TV Reception

HDTV with integrated CI+

For all users of digital cable television, Opticum HD AXC 501 is the perfect receiver for unlimited entertainment experience. With the integrated HD-Tuner even high resolution TV-images (HDTV) can be transmitted without quality loss via the HDMI-interface to the flat screen. Connecting an external USB-storage media, the cable receiver turns into a high quality video recorder (option). CI+ interface opens the door to Premium Pay TV.
